

"Now we see how the astronomical evidence supports the biblical view of the origin of the world. The details differ, but the essential elements in the astronomical and biblical accounts of Genesis are the same: the chain of events leading to man commenced suddenly and sharply at a definite moment in time, in a flash of light and energy. "For the scientist who has lived by his faith in the power of reason, the story ends like a bad dream. He has scaled the mountain of ignorance; he is about to conquer the highest peak; as he pulls himself over the final rock, he is greeted by a band of theologians who have been sitting there for centuries."

Let there be light: and there was light.**

Science v Religion

For the **scientist who has lived by his faith** in the power of reason, the story ends like a bad dream. He has scaled the mountain of ignorance; he is about to conquer the highest peak; **as he pulls himself over the final rock, he is greeted by a band of theologians who have been sitting there for centuries.**

The Zero Point Field

The Zero Point Field

Newtonian Physics – laws for massive bodies

BUT – doesn't work for sub atomic particles – apparently multiple states simultaneously

Hence – Quantum Physics

SO – we need a baseline to measure from

The Zero Point Field

- Provides all the energy in the universe
- Is the foundational matrix of the universe
- Records all information in the universe

YHWH is:
Omnipotent - All Powerful
Omnipresent - Present Everywhere
Omniscient - Knows Everything

YHWH is Spirit
